

"Level 21"

Elegant and powerful, Concept's Silver Series Level 21 can easily slice through the most demanding office tasks, including photo editing and design work.

Built around the Ryzen 3200G 4.0 GHz processor with 4 Cores, 4 Threads and Vega 8 Graphics, the Level 21 features a 500GB NVME M.2 Solid State Drive, offering up to 10X better performance over SATA SSDs, and 27X better performance over standard Hard Disk Drives.

Serious gamers can opt for their choice of Nvidia or AMD gaming cards, and Cad Users / Designers can opt for rendering-specific graphics cards.

And all of this is packaged in a cool-looking and cool-running chassis with excellent acoustic characteristics and the ability to endlessly upgrade.

Processor	AMD Ryzen 3 3200G, 4GHz top clock speed, 4 cores and 4 threads
Motherboard Chipset	Asus M570-P
RAM	16GB
Primary Drive	500GB NVME Solid State Drive
Secondary Drive	Optional
Cooling System	Wraith Prism
Chassis Fan	4 x 120mm fan
Graphics Card	Radeon RX Vega 8 Graphics
Power Supply	600W Modular Power Supply
Keyboard / Mouse	Optional
Chassis	Level 21 Chassis
Operating System	Windows 10 Professional

Windows installation, configuration and testing included

Price: \$1,677.30

Options

Upgrade to 32GB RAM	\$165
Upgrade to 64GB RAM	\$325
Upgrade from 500GB SSD to 1TB SSD	\$234
2TB Storage Hard Drive	\$175
Nvidia GTX 1660	\$403
Nvidia RTX 2060	\$795
Nvidia Quadro 2000 for CAD/3D Modeling and Rendering	\$695

Designed and hand-assembled by
