

"Concept Evolv i9"

Is it outstanding gamer or the ultimate workstation? With this kind of power, it really doesn't matter; the Concept Evolv series can handle it all. At the heart of this beast is the awesome power of the Intel's new 10th Generation i9-10900K CPU, an 8-core, 16-thread **5.3 GHz processor**, coupled with 16GB RAM, RTX 3080 graphics, a lightning fast 1TB NVMe Solid State Drive (27X faster than a standard hard drive) and room for plenty more storage - all packaged into one of the most advanced chassis ever made, designed for maximum silent cooling efficiency and expandability. There is nothing this machine can't do.

Processor	Intel i9-10900K
Motherboard Chipset	B360M Motherboard
RAM	16GB
SSD	Intel 1TB NVMe PCIe M.2 SSD
Cooling System	Noctua NH-U12S Chromax Cooling System
Chassis Fan	120mm LED fan x 2
Graphics Card	RTX 3080 w. 10GB VRAM
Power Supply	750W Modular
Keyboard / Mouse	Evolv MATX
Chassis	Phanteks Evolv Chassis (Made in Holland)
Operating System	Windows 10 Professional

Windows installation, configuration and testing included

Price: \$4,205.80

OPTIONS

Add additional 1 TB SSD \$275
